After its debut in Skiptvet, Norway in August 2015, *The Other Country*, a community-based, site-specific theatrical event is coming to Tacoma, placing the memorable Thea & Andrew Foss story squarely in its original and authentic setting.

This play celebrates our diverse backgrounds, the spirit of strong emigrant entrepreneurs, and the enduring beauty and maritime heritage of Puget Sound. The production will take place both inside and outside the dynamic and historic Foss Waterway Seaport.

The Other Country will feature more than 20 area actors and musicians and will be co-directed by Marilyn Bennett and Suzy Willhoft, artistic directors of two local independent theatre companies.

Please join us at the special patron premiere performance August 10, 2017.
