Volunteer areas of interest: (Please check any that may apply.)

- Education programs:** Work with K-12 schools from the community by assisting with our land and boat based science, history, and environmental stewardship learning activities.
- Docent:** Docents welcome and engage the public by providing inspiring, informative, and memorable guided tours throughout the museum floor space and exhibit areas.
- Boat building:** Whether you are an experienced craftsman or are simply interested in learning something new, you can join on with the crew in our busy Boat Shop. Boat Shop volunteers work on projects such as restoration/repair of the classic vessels that are a part of the museum's exhibits as well as building new boats.

Please tell us about any special interests and/or experiences you can share as a volunteer at the Foss Waterway Seaport.

Are you able to perform the volunteer function without special accommodation?
